Thank you for holding public hearings on the future of solar developments. I will not be able to attend in person. Please record my position.

- 1) I am for drastically increasing the number of solar permits issued.
- 2) I am for creating solar farming zones which are away from major highways in order to preserve the regional beauty of the desert.
- 3) I support a permit ramp-up clause that would allow more permits if the president or congress requested so. (case of national crisis)

Thanks you.
