The area being considered for this project is one of the last local areas for families to use together for off road use. There are many other areas that could be used for this project that are already closed to OHV's. Off Roader's are good people who are given a bad rep by the Conservationist however we do more to preserve our areas than anyone. Please do not take away one of our last areas to use. If and it does happen please set aside a new area of equal size and proximity to LV ofr our use. Thank you
