My husband and I have lived in Las Vegas since we graduated from college in 1996. We have spent many weekends exploring the off-highway areas, camping and four wheeling as a family. We are very involved with offroad motorsports and have enjoyed our freedoms living in Southern Nevada.

While we witness so many land closures and legislation that has so negatively affected our friends in California, we have always been pleased with our options here in Nevada. Please keep this land open to our use.

There are many alternate locations within Nevada that could be used for this type of solar project. Closing the area you are proposing would have severe impacts to so many of us in the offroad industry, both economic and recreational.

Please consider an alternate location so we can maintain our way of life in the desert.

Thank you! Nicole Johnson
