I can't believe the lack of support that the government shows for public land use, for the PUBLIC. There are millions of acres of land that are currently closed, why is there no use for that land? This land is our past time, racing in the desert runs through our blood, let alone our free time to ride our toys in these areas. Most of us save money all year to be able to just have a few days to enjoy the desert. Please consider our want to enjoy this land, we preserve it better than anyone else will, especially doing it for free, actually, we pay fees to clean up.
