The area in question represents a special place in my heart. My very first Professional race was driven on that land. Someday I would like to share that experience with my children.

Please understand I understand the need for Solar Power, Wind Power, Etc. I like Green Power!

I also know the sun shines on the whole desert and we can only race in designated areas. Add the access to Prime with its hotels, stores and restaurants. You have the makings for perfection. Yes, this is the perfect place to race in my opinion! Think of the people that work at the hotels. No races? No work!

We as off-roaders have been picked on for too long! We racers are the big environmentalists! I love the desert! I use the desert! I use the land set aside for my family.

Please find a new place for the solar plant. Let's co-exist! It's a BIG DESERT! You can find a suitable area elsewhere.

Thank you
-Mike Bono
