I do not agree with the proposal to shut down 6000 acres on Knight ranch road. We have worked very hard to keep this area open for off road recreation and off road racing. The closure of this area will drastically impact mran events as well as other race events in this valley. We don't have many areas left that the blm will let us put on our events. I believe if they pass this proposal, the blm should open other areas for us to use for off road recreation and off road racing.
